

I received notice from the radio station that I listen to, K-Love FM Station 91.1 (in Denver,CO) that there is thought to use a new broadcast service LPFM which would give priority over current FM translators. I don't like this idea if it means I lose my radio station. K-Love has been a very positive influence in my life. I do not want to see them go off the air in Denver. It is a station that promotes moral living and is a great source of encouragement to myself and my family. Please consider these comments before forcing FM translators off the air. Sincerely, Jessica & Dave Forsberg
